Slik legger du til Skolon Teams-appen i menylinjen

Pär Wallin - 2026-01-22 - [Microsoft Teams](#)

I denne artikkelen vil du lære hvordan du som administrator legger til Skolon Teams-appen i Teams-menylinjen.

Velg "Teams apps" i venstremenyen, og klikk deretter på "Manage apps".

Alle apper som er tilgjengelige i Teams vises. Her kan du velge å tillate eller blokkere apper i Microsoft Teams. Søk etter Skolon, og deretter kan du tildele appen.

Deretter klikker du på «Set up policies» og konfigurerer en policy for hvilke brukere som skal ha appen ved den aktuelle skolen.

Du velger gruppen som skal ha tilgang og klikker på "Add apps".

The screenshot shows the Microsoft Teams admin center interface. The left sidebar contains navigation options like Dashboard, Teams, Devices, Locations, Users, Meetings, Messaging policies, Teams apps, Manage apps, Permission policies, Setup policies, Voice, Policy packages, Analytics & reports, Assignments, Org-wide settings, Planning, Legacy portal, and Call quality dashboard. The main content area is titled 'Pinned apps' and includes a table of installed apps. A red dashed box highlights the '+ Add apps' button in the 'Pinned apps' section.
